Disaster Reponse

North Carolina Conference

THE UNITED METHODIST CHURCH

Hear, O Israel: The LORD our God, the LORD is one. Love the LORD your God with all your heart and with all your soul and with all your strength. These commandments that I give you today are to be upon your hearts. Impress them on your children. Talk about them when you sit at home and when you walk along the road, when you lie down and when you get up. Tie them as symbols on your hands and bind them on your foreheads. Write them on the doorframes of your houses and on your gates.

1 THE W.O.W. FACTOR (WAYS OF WORKING)

We LOVE our Volunteers! Clearly you **POWER** the Disaster Response effort of the North Carolina Conference of The United Methodist Church and we can help maximize your Mission Trip experience.

When Disaster arises so does The United Methodist Church Disaster Response Team. The Disaster Call Center receives “Requests for Assistance” from Disaster Survivors while conference personnel are assessing the damage, defining “the need” and developing our ability to serve by establishing Work Centers in various locations to respond to those requests with long term assistance.

Now read carefully brothers and sisters because *HERE IS WHERE YOU COME IN!* The North Carolina Conference of The United Methodist Church applies to various state and federal agencies and charitable organizations to help fund materials and operations expenses. **Successful** grant requests must establish the “scope of the need” and demonstrate “experienced stewardship”.

To get maximum *VALUE* from gifts of time and talent our work together **MUST** be documented! Work Center staff and facilities have limited capacities for daily accommodations unscheduled teams risk overbooked Center resources and create a NET ZERO “future value” for funding opportunities.

Take the first step to maximize your experience by registering your team with the Disaster Call Center, (DCC). There we agree on your Work Center assignment and enter your team into the work center schedule. Then a Volunteer Information Packet (VIP) is emailed to you and to your assigned Work Center Manager requesting they contact you for introductions and final planning.

Team Leaders ensure that each volunteer complete the VIP Skills Assessment, Medical and Liability information prior to arriving at their Work Center. After your Mission Trip your Work Center Records become part of our stewardship process paving the way for others to come and add value for helping the people of North Carolina ***FIND THEIR WAY HOME!***

If you find your team must cancel please notify the Disaster Call Center to remove your reservation.

2 A COVENANT FOR SUCCESS

The opportunity to invest ourselves in mission to honor God is a great privilege! A volunteer's **primary task** is to respond to need but our **primary purpose** is to radiate the love of Christ in all we do.

*Therefore, I urge you, brothers and sisters, in view of God's mercy, to offer your bodies as a living sacrifice, holy and pleasing to God—this is your true and proper worship. **Romans 12:1***

At times we want to hurry and get our tasks complete but never at the expense of our purpose. We will make the best of the quiet time to rest, get acquainted, and play with the children. We will need to be flexible, adaptable, sensitive, and patient. Compassionate cooperation is the key.

*God is not unjust; he will not forget your work and the love you have shown him as you have helped his people and continue to help them. **Hebrews 6:10***

- Are you well rested and alert?
- Do you have safety glasses?
- Do you have ear plugs?
- Is your clothing securely fasted?
- Nothing obviously loose or baggy?
- Have you removed all jewelry, chains?
- Have you thought through the job?
- Will you need help / helpers?
- Will you be working in hazardous areas?
- Any special precautions for your work?

Jobsite Checklist

- Identify all safety shutoffs?
- Fire Extinguishers and Types?
- First Aid Kits and Assembly Areas?
- Emergency eye wash?
- Emergency shower?
- Is your work area properly lighted?
- Are all tools in good working condition?
- Are all tools' safety mechanism working?
- Is everything properly clamped/stable?
- Is your work area clear/uncluttered?
- Do you have proper tools for the work?
- Will you work safely avoiding risks?

5 FIRST AID KIT (SUGGESTIONS)

6 BYOT (BRING YOUR OWN TOOLS)

The initial phase of a Disaster is called **READINESS**. That said the most successful mission teams are those who are prepared to be as self-sufficient as **reasonably** possible. Ask your team to meet and think through “How they will help” as part of your own readiness effort.

Although our Work Centers have **some** tools they will not have enough tools for every volunteer. Most of the tools you will need are common household tools. Use the list below to determine if you have household tools which you could bring to use.

Common Household Tools		
Pencils	Safety Goggles/ Glasses	Sledge Hammer
Brooms	OSHA approved	Drills and Bits
Mops	Knee Pads	Screw Guns
Work Gloves	Utility Knives	Screw Drivers
Latex Gloves	Nail Aprons	Sheetrock Screw
Dust Masks-	Hammers	Nails (all kinds)
“NIOSH” approved	Tape Measures	Skill saw and extra blades
and N95 rating	Levels	Heavy Duty Extension Cords
Trash Bags	Chalk Line and Chalk	Paint Rollers
Cotton Rags	Crow Bars/Wonder Bars	Roller Pans
Masking Tape—2 inches wide	Speed Square	Paint Thinner
Duct tape	Framing Square	

Experienced “Do It Yourselves” and “Licensed Professionals” usually have more tools either for their own use or as the basis by which they earn their living. We always encourage teams to bring their tool trailers whenever possible. Tool trailers should be readily securable.

Our Disaster Response work typically falls into two broad phases. “Muck out” earmarked by tear out, clean up, disposal and/or debris removal and perhaps mold remediation. “Construction” is a longer process of rebuilding homes making them habitable again. There are multiple jobsites within each Work Center’s geographic area in both stages of repair.

The most important tool you will bring is you! Please indicate your team skills on the skills assessment page. This information is used to help Work Center personnel determine how to help you make the best use of your time and talent by matching your skill set to a jobsite need.

Finally if you can identify improvements for the Volunteer Information Packet please contact us at the Disaster Call Center at 888-440-9167 or email your suggestion to: disasterresponse@nccumc.org!

8 LIABILITY RELEASE FORM (ALL VOLUNTEERS, YOUTH AND ADULT)

Please read this agreement carefully before signing to fully understand your working relationship with The United Methodist Church North Carolina Conference Disaster Response.

I, _____ acknowledge and state the following:

I have chosen to travel to perform clean-up/construction work to repair or replace homes.

I understand that this work entails a risk of physical injury and often involves hard physical labor, heavy lifting and other activity; including some that takes place on ladders and building framing other than ground level. I certify that I am in good health and physically able to perform this type of work.

I understand that this is a "grass roots" activity to support individuals adversely affected by disaster or assisting to repair or replace substandard housing. I assume all risk and responsibility for any damage or injury to myself or my property and related medical costs and expenses which I may sustain while involved in this project. I understand that I am engaging this project at my own risk.

In the event that my supervising organization arranges accommodations, I understand that they are not responsible or liable for my personal effects and property and that they will not provide security for any items. I will hold them harmless in the event of theft or for loss resulting from any source or cause. I further understand that I am to abide by whatever rules and regulations may be in effect for the accommodations at that time.

By my signature, for myself, my estate and my heirs, I release, discharge, indemnify and forever hold The United Methodist Church North Carolina Conference, together with their officers, agents, servants and employees, harmless from any and all causes of action arising from my participation in this project, and travel or lodging associated therewith, including any damages caused by their negligence.

10 THOUGHT PROVOKING TEAM DISCUSSION AND DEBRIEFING*

Please consider holding a prayerful group discussion with your team near the end of your mission trip to a disaster site. Use this form to initiate thoughtful reflection and time to share together. Keep in mind that team members react to a disaster experience differently and talking about that experience, before returning to “normal life”, is good for the soul, especially with those who share in it!

At the close of your debriefing take a moment to complete the “Mission Trip Evaluation” on the next page and give us feedback so we may improve our ways of working together.

Your First Reactions

1. When you heard about this disaster, what was your first reaction?
2. What are some of the first stories about the disaster that stand out in your mind?
3. How did you hear of the opportunity to serve in this manner and how did your faith get you into this?

Your Relationship with the Survivors

1. Describe the state of mind or physical condition of most of the survivors you encountered?
2. How do you believe you were accepted by the survivors?
3. What helped you the most in your relationship with them?
4. What was hardest about working with the survivors?

Joys and Concerns

1. What part of this event bothers you the most or do you wish you had not experienced?
2. How has your experience affected your faith and your faith affected this experience?
3. What things happened to give you hope in the midst of all of this difficulty?
4. In what ways do you feel the church has made a difference?
5. Where have you seen God working in this disaster?
