

Youth WIN Team Meeting Minutes
Monday, April 28, 2020, 6:00 pm

In Attendance: Beth Boemler, Chuck Healy, Izzy Massey, Genny Schumaker, Jeff Woodhouse

Beth reported that Youth Group has not been the same, post-COVID, but it's been as good as can be made. Attendance has been up and down, with a low of 30 or 35 and a high point of 48 people the last week of March. Some feedback that the Zoom meetings are a lot like school, which makes YG less interesting.

Format is check-in, games, weekly lesson. Groups that do more intentional hospitality have better attendance. The week with high attendance was the week that Beth took three full days to call everyone. Some groups have had success in getting group members to join after a text is sent.

Beth also reports that the same people who said that they were too busy in the past are still not attending, so the schedule excuse is not totally credible.

Going forward, there will be a higher expectation that small group leaders will make hospitality a high priority.
